Dear Sir/Madam,

With reference to the above mentioned project which has recently achieved Practical Completion (July 2020), John and Sarah have managed to complete and deliver on time.

I can strongly recommend John and Sarah as a JV, John is very much on site managing the day to day activities and Sarah's administration is always received promptly and in detail. The strengths in both John and Sarah complement each other in the JV.

I would recommend them for future projects.

Kind regards,

Shane Cole
